EDUCATION

Master of Science, Information Systems Management

Aug 2023 – Apr 2025

Brigham Young University - Marriott School of Business

Provo, UT

- GPA: 3.89 / 4.00 (Program), 3.67 / 4.00 (Overall)
- Co-President, Association for Information Systems | Research Assistant, AI Modeling and API infrastructure

Specialized Coursework: Enterprise Programming (JS/TS, React, React Native, Swift, Python, C#), Machine Learning, Cloud Platform Engineering, Managing Tech Startups, Networking Systems, Offensive/Defensive Cybersecurity

EXPERIENCE

Compliance Automation Software Engineer

Aug 2024 – Present

Marriott International

Bethesda, MD

Technologies Used: Python, FastAPI, TypeScript, React, NextJS, TailwindCSS, AWS Suite, Docker, Harness, Terraform

- Engineer organization-wide Compliance-ARC API as sole software engineer, providing security/compliance data, cloud service metadata, and vulnerability tracking across multi-cloud infrastructure to 30+ internal development teams
- Develop Python automation scripts for security remediation at scale, including the patching of 2,300+ EC2 instances with conditional security group updates based on tags, IP ranges, and ownership criteria

Graduate Student Fellow

Jun – Aug 2024

- Engineered React dashboard cataloging deployment requirements and L2 controls across AWS, Azure, Oracle, and Alibaba, standardizing NIST compliance documentation and reducing audit preparation time
- Restored 20 properties and 39 remote servers within 72 hours during international CrowdStrike outage, enabling transaction and reservation processing for 35,000+ guests

Adjunct Professor (IS 120)

Dec 2023 – May 2025

Brigham Young University

Provo, UT

Technologies Used: CSS, Tailwind, JavaScript, REST API, Git, AWS API Gateway, Github Classroom, HTML5

- Restructured entire curriculum from scratch, creating course materials (lectures, assignments, and exams) aligned with current industry standards including mobile responsivity, ES6 JavaScript, and REST APIs
- Taught 60+ students with live coding demonstrations, achieving 84% satisfaction (5 points above department average)

Data Software Engineer Intern

May 2023 – Aug 2023

Pattern

Lehi, UT

Technologies Used: Ruby, Rails, Typescript, MySQL, Snowflake, React, Airflow, Airbrake, AWS S3, Postman

- Developed dynamic search keyword filters to categorize keywords by tracking period, resulting in an aggregate average of \$0.50 in savings per advertisement space bid for partners while improving internal ROI analysis
- Reduced Amazon ad metrics dashboard load times by ~3 seconds by optimizing SQL generation and access controls

Software Developer

Aug 2021 – Aug 2022

Contour Software Developments

Mesa, AZ (Remote)

Technologies Used: HTML, CSS, REST API, JSON/XML, JavaScript, Bubble.io (Low-code editor), AWS S3

- Engineered AWS-hosted web application that replaced 40-page paper packets for field teams, saving 15-30 minutes per job across 20+ weekly operations while eliminating manual data entry times and risk of data loss
- Presented bimonthly demos to client executives, gathering requirements and delivering workflow automation features

SERVICE

Volunteer Representative

Jun 2018 – Mar 2020

The Church of Jesus Christ of Latter-day Saints

Busan, South Korea

- Trained 120 other volunteers of mixed ethnicities regarding rules and practices of Busan and its surrounding area
- Performed weekly community service activities including teaching English and cleaning Elderly nursing homes

SKILLS & ACHIEVEMENTS

- AWS Certified Cloud Practitioner (CCP) - May 2024 | Professional Scrum Master I (PSM I) - Oct 2023
- Proficient in TypeScript (React), Python, TailwindCSS, AWS, Swift, SwiftUI, Scrum, Git, JavaScript, MySQL, Node.js
- Experienced in Rust, Go, R, Ruby (Rails), Figma, MongoDB, Node.js, Django, FastAPI, C#, ASP.NET, C++, Tableau
- Fluent in Korean Language
- Former Guitarist/Pianist of band 'Ritt Momney' with multi-millions of total streams on music platforms
- Eagle Scout - Project: Collected and donated toys to Primary Children's Hospital
